When I was injured about 8 years ago I know I had a difficult case but you agreed to handle it and got me a great result that I was very happy with. Now that I have another case I just wanted to express my thanks for agreeing to take my new case and am sure you will do a great job again.

Both you and your staff are always there to answer my questions and make me feel comfortable and that I am being taken care of.

Many thanks and my best wishes to you and everyone at your firm
