Dear Elizabeth,

I wanted to write and express my appreciation to you for the efficient and compassionate way you and your firm handled my case. Please know how grateful I am for your services.

Let's go back in time.

When I fell on a sidewalk next to a construction project and suffered a very serious injury I wanted to file a personal injury case and needed a lawyer. Someone I knew recommended the firm of Jaroslawicz and Jaros and I met with you, who work with the firm, to review my case.

From our first meeting you made me feel very comfortable. You explained what to expect with my case, what my involvement would be and how long it would take to complete. Throughout the process you always were available to answer my questions and, eventually, obtained a positive result that was the very best we could hope for.

You were also instrumental in putting me in touch with medical practitioners that were extremely helpful in treating my condition. You are more than just an attorney handling a case. You have a heart and a wonderful disposition toward making the process understandable and tolerable. Thank you so much!

I would not hesitate to recommend you and Jaroslawicz & Jaros, LLC if someone was looking for representation.

With warmest regards.

Sincerely,

B
